Scholarship of Discovery at the University of Saint Francis

Analysis of RN-BSN program assessment data for evaluation of program effectiveness and preparation of evidence for HLC and CCNE review, 2015-2016; 2016-2017.

Participation in analysis of SOHS and Department of Nursing program assessment processes for evaluation of program effectiveness and preparation of evidence for HLC and CCNE review, 2015 – 2016; 2016-2017.

Analysis of time on task findings for credit hour equivalency in online programming, 2015 – 2016.

Scholarship of Application

Wabash County Hospital

Project Manager Wabash, Indiana 2012 - 2014

Worked with hospital leadership and community stakeholders to meet the Patient Protection and Affordable Care Act (PPACA) community benefit mandate for Wabash County Hospital. Collaborated with intersectoral partners to assess community health needs, increase access and capacity for care, and reduce health disparities within the county.

Mansfield-Ontario-Richland County Health Department

Public Health Nurse Mansfield, Ohio 2006 – 2011

Practiced nursing in the public health arena as a part-time nurse. Conducted immunization and flu clinics, senior health assessments, community health screenings, school screenings, and other public health nursing services as needed.

Ashland Christian School

School Health Nurse (contract for health screening) Ashland, Ohio 2002 – 2011

Provided school health services / screenings for students (grades K-8) on a contractual basis. Duties included health screening, health promotion and education, direct care, and coordination of health services for children with special needs and their families, and faculty/staff health education programming.

Catholic Charities, Help Me Grow, Ashland County

R.N. / Case Manager (p.r.n.) Ashland, Ohio 2001 – 2002, 2004 - 2005

Conducted newborn and postpartum assessments in the home through the Help Me Grow program; also provide case management, referral, and education services to clients and families in need.

Ashland County-City Health Department

R.N.(p.r.n.) Ashland, Ohio Fall 2004

Provided seasonal public health nursing services in the vaccination and well-child clinics.

Kno - Ho - Co Ashland Health Services Clinic

R.N. (part-time) Ashland, Ohio 2001 – 2002

Provided prenatal education for clients and their families; conducted well-child health assessments; assisted in the development of policies and protocol; implemented quality assurance activities within the child and family health program on a part-time basis.

Kapi'olani Medical Center at Pali Momi

Nurse Educator Aiea, Hawaii 1998 – 1999

Coordinated nursing education, as well as competency-based skill development for the Patient Care Services department. In addition, participated in policy development and process improvement projects addressing patient care issues and nursing practice.

Booth Memorial Family and Youth Services

Maternity Specialist

Anchorage, Alaska

1993 – 1996

Responsible for coordinating and teaching parenting, childbirth, and prenatal courses to childbearing and childrearing families in a culturally diverse environment. Provided case coordination, referral services, and individual instruction to teens and at-risk clients. In addition, collaborated with administration regarding program development, marketing, and community education.

Municipality of Anchorage

Public Health Nurse

Anchorage, Alaska

1992 - 1993

Provided public health nursing services to a caseload of up to 40 families experiencing actual or potential health problems regarding maternal-child issues. Services included home visits for prenatal, postpartum, and newborn clients, families with parenting needs, children with special health or developmental needs, and case management for those clients/families. Also conducted well-child health assessments to clients in the Anchorage community. Acted as an agency preceptor to baccalaureate nursing students.

Comprehensive Developmental Services

Lead Nurse, Clinical Evaluation and Family Support Team Valdosta, Georgia

1989 - 1991

Conducted developmental assessments for children at risk for or experiencing actual developmental delays. Provided individualized family education and support regarding early needs of developmentally challenged children. Provided case management services, home visits, and health screening for children identified at risk.
